

CITY DADS SOLVE  
SCAVENGER PROBLEM

Commissioners Grasp at Offer to  
Haul Night Soil Away Made  
by M. Wyatt at Meeting.

## \$500 IS PAID FOR CONTRACT

Responsibility Is Assumed for Dis-  
posal From Outlying Additions Not  
Reached by Sewer Extensions.

Solution of the scavenger problem  
in the outlying additions to the city  
was reached by sewer extensions  
and offered and grasped by the city  
commissioners at the meeting yes-  
terday in a contract submitted by  
M. Wyatt.

Wyatt offered to haul away all  
night soil and dispose of it at a rate  
of \$14 per barrel and 75 cents per frac-  
tion of a barrel on a 30-gallon  
standard. For the granting of the  
contract he offered to pay the city  
\$500.

Motion to accept the contract was  
passed by the board. The contract  
relieves the city from all  
responsibility in the handling of the  
night soil problem in the outlying  
additions of the city and Wyatt will  
be responsible for any damages  
caused by his neglect, the city being  
absolved from blame in connection  
with the work.

The city will pay for the removal  
of the night soil, the city being  
at no expense. Heretofore there  
have been haphazard and periodical  
efforts in the separate districts to  
hire men to remove the night soil  
and this arrangement has been a  
source of constant worry to both  
citizens and the commissioners.  
Wyatt will handle the situation in  
all sections of the city and other in-  
dependent scavengers will be re-  
fused permit to operate under the  
contract.

SHERIFF'S SLAYER TAKES  
PAROLE FROM PENITENTIARY

Special to The World.  
MALEFICENT. Aug. 29.—The sev-  
eral times repeated boast of Paul  
V. Hadley, convicted of the murder of  
Sheriff Giles of Beaumont, Texas,  
following the death of that officer  
in a struggle with Hadley and his  
young wife, that he would not serve  
out his time seems about to come  
true. Efforts on part of peace offi-  
cers throughout eastern half of the  
United States for the past week to  
locate Hadley, following the send-  
ing out of an alarm by penitentiary  
officials to round him up for viola-  
tion of the conditions of a 60-day  
parole granted him in middle of  
July, have proved fruitless.

Hadley, with his wife, was the cen-  
tral figure in one of the most sensa-  
tional murder cases ever tried in  
Oklahoma, when the two of them  
went to trial on a charge of killing  
Sheriff Giles on board a train near  
Muskogee. Mrs. Hadley was ex-  
onerated during the trial, but Had-  
ley was convicted.

TWO MORE RESIDENCES  
INCLUDED IN PERMITS

Two residences and other minor  
jobs were added to Tulsa's August  
building total yesterday, putting the  
total for the month and year to  
\$170,000 mark. The following per-  
mits were issued:

J. P. Blake, residence, 610 South  
Elwood street, \$2,000.  
Albert Hoffman, 1242 Rockford,  
residence, \$2,000.  
H. Greenland, 1203 East First,  
garage, \$200.  
Terry Miller Laundry, addition at  
9 West Archer, \$500.  
E. W. Woods, repairs, 531 North  
Detroit, \$500.

GRADED ROAD IS WANTED  
THRU BARTON PROPERTY

Declaring that refusal of Mary  
Barton to permit grading of a road  
through her property on Trenton  
street is costing the Frick-Reid sup-  
ply company a considerable sum  
each year, officials of the company  
appeared before the city commis-  
sioners yesterday and asked the city  
to condemn a right-of-way through  
the property and permit grading of  
the road by the company at its own  
expense.

In rainy seasons the road through  
the property is impassable and the  
supply company is unable to get  
freight shipments in and out of the  
warehouse.

SHAWNEE MAN ARRESTED  
ON CHARGE OF FORGERY

KANSAS CITY, Mo., Aug. 29.  
Secret service operatives today at  
Shawnee, Oklahoma, arrested B. F.  
Smith on a charge of complicity in  
the forging of sub-treasury checks  
at Fort Leavenworth disciplinary  
barracks.

MAKE RESERVATIONS EARLY;  
AVOID RUSH, AGENT SAYS

Purchase your tickets and make  
your sleeping car reservations early  
if you expect to travel on Labor  
day. That is the advice of J. S.  
Hollman, Frisco passenger agent,  
who expects the Labor day traffic  
to be unusually heavy.

Special efforts are being made to  
prevent congestion, said Mr. Holl-  
man, but due to the heavy move-  
ment of discharged soldiers home  
from the camps the space in passen-  
ger cars is overcrowded. Extra men  
and equipment will be necessary  
to handle the transportation of  
the first and third army divi-  
sions which arrive in the United  
States from France within the next  
two days.

COLORED PEOPLE PROTEST  
TO WILSON FOR SHILLADY

NEW YORK, Aug. 29.—The Na-  
tional Association for the Advance-  
ment of Colored People in a telegram  
sent to President Wilson and made  
public here today, asks the imme-  
diate appointment of a commission to  
investigate the failure of the states  
to protect "United States citizens,"  
calling attention to the recent attack  
in Texas on Secretary Shillady of the  
association, and the lynching of a  
negro in Georgia Thursday.

Thirty-eight persons have been  
officially done to death by mobs in  
this country since last January," the  
telegram asserts. "The message urges  
the president to go before congress  
in the interest of the association's  
cause."

LUMBER PLentiful,  
TULSA DEALERS SAY

Prices High But Yards are Able to  
Meet All Demands of Construc-  
tion Now in Progress.

## BRICK SHORTAGE PREVAILS

Plants Here Unable to Supply Needs  
of Builders by Half While Ship-  
ments are Below Normal.

Inquiry into the shortage of build-  
ing material here in Tulsa which ac-  
cording to Tom Clark, city building  
inspector, is holding back construc-  
tion work, shows that while contrac-  
tors are having trouble in getting suf-  
ficient brick and building stone,  
plenty of lumber can be had. Dealers  
say while prices on lumber are ex-  
tremely high as is the case with the  
market everywhere the demands of  
builders are being handled quickly.  
High prices of lumber is caused  
by unsettled conditions of labor and  
enormous demands as result of the  
ending of the world war, says G. C.  
Dixon, manager of the Rounds &  
Porter Lumber company. Lumber  
companies were unable to cut and  
rush timber on a large enough scale  
during the war because of lack of  
men. This with the sudden demand  
for it in foreign countries has sent  
prices soaring. Prevailing price in  
Tulsa are given at \$100 per thousand  
feet for flooring with \$50 to \$60 per  
thousand for dimension lumber.  
Serious shortage in the supply of  
building brick is admitted by deal-  
ers here. Officials of the Tulsa brick-

yards say at present they are unable  
to manufacture more than half of the  
quantity being demanded for con-  
struction jobs in this city. It is  
also impossible to get shipments suf-  
ficient to satisfy the needs of con-  
tractors and builders. Pace brick  
is quoted at \$19 per thousand with  
common clay selling at \$13.  
Turn for the better in the avail-  
able supply and cost of building ma-  
terials is expected by Edward Wal-  
ters, manager of the Oklahoma  
Building Supply company, about the  
first of the year. Walters looks for  
conditions to become normal with a  
probable drop in prices of 10 per  
cent or more.

Erbesco Agriculturist to A. & M.  
Special to The World.  
ADA, Aug. 29.—T. A. Miltstead,  
who has been agricultural agent for  
the Frisco railway for a number of  
years, with headquarters in Ada, has  
accepted a position with the Agri-  
cultural and Mechanical college and  
the United States department of ag-  
riculture and has moved to Still-  
water. Mr. Miltstead will be district  
agricultural agent for the counties  
in the northwestern part of the  
state. He has been in demonstra-  
tion work for a number of years and  
has done much to get improved seed  
and improved stock into his terri-  
tory along the Frisco lines.
